

Makaton Beginners Workshop

On Friday 28th June, fourteen fantastic parents and carers completed the 'Makaton Beginners Workshop' at Limington House School. All of the candidates showed their commitment, attending all six sessions! By the end of the workshop, they were able to sign stages 1 - 4 of the Makaton core vocabulary and use key signs to communicate in sentences and answer questions.

This is a huge achievement. Congratulations and many thanks to all who attended. It was great fun and we look forward to being able to offer more Makaton training in the future.

Makaton is a language programme that gives everyone a helping hand to talk.

Have a lovely summer and keep on signing!
