

Green Class

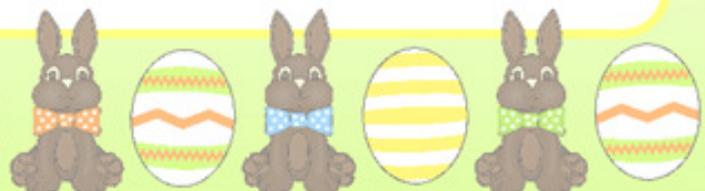

Spring has definitely sprung! Green class have been really busy learning all about how to keep ourselves healthy with our new topic this term - 'You Are What You Eat'. We have linked our learning to geography and have been finding out about Fairtrade foods and were amazed to find out that it is not just food that can be Fairtrade - even footballs can be!

In DT lessons we have explored healthy breakfasts, lunches and snacks. Fruit kebabs were a firm favourite, with the pupils all really keen to try new tastes and flavours.

We have been exploring food within maths by counting food items, finding food that matches shapes and developing our understanding of symmetry.

We used our healthy food within art to print and used observational drawings to make our own tiles for printing.

We have been learning about foods which are good for our bones and muscles in science. The pupils wowed us with their skill at assembling skeletons and loved using their muscles to climb the PE equipment.

There have been lots of exciting things happening in school which the pupils have really enjoyed taking part in: World Book Day, Red Nose Day, Ferneham Hall, Living Eggs and Chinese New Year to name a few.

A real favourite with the whole class was the installation of the magic carpet. There are so many different programmes on it we will have to spend lots more time exploring it!

Our key text this term has been 'The Diary Of A Killer Cat' which raised a few giggles. Not quite as many as 'Red Riding Hood' though in revolting rhymes which are the poems we have been exploring. The pupils absolutely love them but they are not quite the traditional tales they are used to!

HAPPY EASTER FROM GREEN CLASS
