

Blue Class

Blue class have been very busy this term.

We have been learning how to use different pieces of ICT equipment and different programmes on the computer.

We learned about Remembrance Day and why it is important.

Poppy Day

ICT

We have continued to learn about Earth and Space and we now know the names of some of the planets. We have made them out of papier mache, researched the colours that we needed to paint them and role played the way they orbit the sun!

space

We consolidated our knowledge by a trip to the Planetarium and Winchester Science Discovery Centre. We saw different planets and star constellations. We also had plenty of opportunity to use our senses to explore different science exhibits.
