

Blue Class

Blue class have discovered they do indeed have some budding thespians. Some of the students came to life during a dramatic re-enactment of 'The Odyssey'. We read aspects of the story and then acted it out. We had to row in a boat across stormy seas, and encounter dangerous obstacles such as a Cyclops, a witch and clashing rocks.

We also had the chance to escape our regular lives as we changed into Greek Gods and people from the past.

Some pupils also went fishing for a day at Meon Springs Fishery. This gave us the opportunity to work with different people, visit a new area in the community and of course, catch our own dinner!

In our language module this term we have been learning about Spanish culture. We have learned how to say hello, goodbye, yes and no in Spanish. We also made mosaic patterns, listened to music and danced with our home made castanets!

We also took part in a Spanish themed day. We wore Spanish colours and tasted a whole range of delicious Spanish foods.
