

# Blue Class

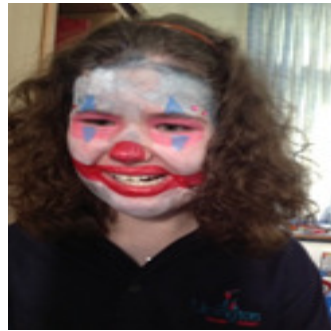

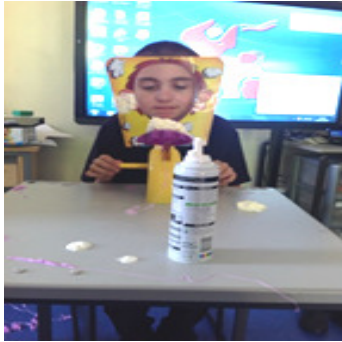

Blue class have had a busy term. We have continued to work really hard on literacy, numeracy and life skills, whilst enjoying the hot weather the summer term has brought with it. We have learned how to keep cool and still have fun.

Some of us had the opportunity to go on a fishing trip. We caught really big fish and were able to take them home if we wanted to.

We really enjoyed arts week recently where we made clown hats and masks, painted our faces and played circus games.

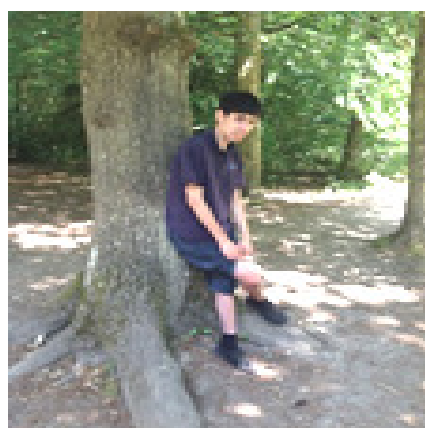

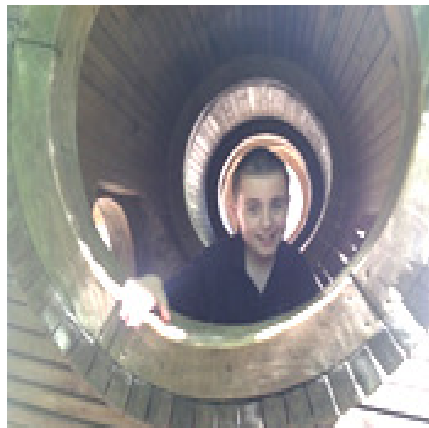

In science lessons we have been learning about healthy eating and lifestyles. We have been cooking with a variety of fruit and vegetables. We are also getting really good at finding our way around a kitchen as we collect the ingredients and utensils that we need.

We have been doing regular daily exercise as part of our healthy lifestyles, as well as learning new skills in the form of a weekly intense aerobics session! We recently went on a trip to Alice Holt forest where we were encouraged to be particularly active; walking, running, climbing and, of course, playing.

We hope everybody has a wonderful summer holiday!!
