

School Council

Happy Easter

Fast becoming their favourite activity, School Council avidly chose the song for our Easter performance at St Andrews Church.

It was a close vote, but 'Somewhere Only We Know' came out on top.

School Council's main focus has been Comic Relief. Topics of discussion ranged from how to dress on the day, to what snacks to sell. They put their ideas to the whole school community and together we decided how to celebrate the event.

We raised **£182.38.**

School Council also decided on new collection boxes to be used at every charity event, they were very clear on which colours they wanted, and that they should all be different.

During their meetings pupils came up with lots of questions and suggestions, including having a school pet e.g. dog, rabbit or monkey!!! They also wanted to arrange school trips, have new leisure equipment and repair broken items.

They met with James and put all their questions to him. James is in the process of looking into their suggestions including having a visiting pet, which they are all very excited about.

Work on the go-carts has started. Pupils discovered a lot of work and spare parts are needed. Their next step is to contact Halfords to see if they can help, and ask any parents if they would like to help.
